**ALL TO KNOW
ABOUT GIMSOC**

”

"With a single step, an idea, the world could just your canvas of creativity"

Our Mission

We aim to lend a hand to students who choose to join on a rewarding and fruitful journey with core values we believe are essential, which include:

1. **Providing a constructive environment with essential tools** that give medical students a chance to thrive by prioritizing fair attributes such as inclusivity and equity.
2. **Encouraging students to foster lasting connections** among themselves and with other medical professionals, by utilizing various platforms organized to promote joint projects and activities.
3. **Commit to maintain transparency in representation and governance consistently** to ensure that everyone connected to our organization has access to factual information, thereby bringing trust and confidence into the picture.
4. **Cultivate an atmosphere that motivates students to work** towards pursuing the development of a wide range of interpersonal and intrapersonal skills that would help bring success in their careers.

About Us

A medical student society that aspires to bring light and encourage young medical minds to dive deeper into the vast and inspiring journey of becoming talented and successful medical professionals. We aim to bring opportunities and encouraging dreams through events that engage budding physicians to connect with like-minded individuals and easily gain hands-on experience.

Our Vision

We aspire to dedicate our unified efforts to empowering and uplifting our evolving colleagues and peers in Georgia who have been reaching for greatness

WHY BECOME A GIMSOC MEMBER?

✓ Access to GIMSOC Events and Workshops

✓ Research Opportunities

✓ Discounted tickets to MEDCON

✓ Fostering a sense of Community with Students

✓ Foster International Networks

✓ Building Yourself

✓ Existence of the Alumni Network

Access to GIMSOC Workshops

Acquire knowledge and skills exclusively from our roster of versed colleagues and seasoned professionals across diverse areas of the medical field such as neurology, cardiology, obstetrics, and so on. Additionally, involve yourself in workshops aimed at nurturing your mental well-being!

Discounted Tickets to MEDCON

Receive special perks such as reduced prices to buy tickets for one of the largest medical conferences held in Tbilisi – MEDCON. Spend your time with insightful medical professionals.

Research Opportunities

Ignite your flame of curiosity and passion by getting involved with our research subcommittee. Take advantage of our platforms such as the Monthly Medical Journal to showcase your academic proficiency and eloquence in developing and presenting your very own abstracts.

Fostering a Sense of Community with Students

Connect with fellow members to receive invaluable support and gain knowledge from various perspectives, o engage with each other, and collaborate on studying efforts. Make lifelong friendships from our networking events as well!

Fostering International Networks

Unlock opportunities to get involved with students and doctors from diverse global backgrounds. Engage in collaboration with international organizations such as Project IMG, which serves as a gateway to diverse clinical pathways. Learn how the practice of the field of medicine is similar and different in other countries and in turn, gain valuable insights into different healthcare systems, cultural perspectives, and medical practices.

Existence of the Alumni Network

Engage with alumni from Georgian universities who have successfully become promising physicians.

Participate in network-exclusive programs like Mentor-Mentee, where alumni help develop professional attributes, or Postgraduate Education Consulting, providing detailed guidance on residency pathways.

Building Yourself

Elevate your skillsets not just by being a part of our detailed workshops, but also by working with other dedicated students in our various subcommittees. Build yourself, personally and professionally, by contributing to various ideologies, ensuring a productive med-school journey.
